Return Policy

Mods for GRX (the "Vendor") may remedy any non-conforming Software by providing a refund of the purchase price or, at the Vendor's option, repair or replace any or all of the Software. Any refund provided under this section may be reduced where the user has gained significant use and value from the Software. The reduction will be prorated over the anticipated life of the Software.

The refund period of the Software is 5 days from purchase confirmation with Ecwid.
